POLICE**

**The fund supports many officers every year, providing respite breaks at our beautiful 3 bedroomed lodge in the Lake District. Financial assistance has been provided by way of grants, helping purchase a variety of products from electric wheelchairs, stair lifts, an automated door, communication devices and many more. We can also assist with financial loans when members are experiencing significant financial difficulties.**

NPBF considers applications in relation to work related issues and for personal reasons affecting officers, their families, and retired members of the fund. A respite stay at the lodge provides an opportunity to enhance each individual's wellbeing, allowing them to take time away from their daily routines to unwind.

This is all for the limited cost of £2 per month (Students joining get 12 months free membership). This is less than a cuppa at your favourite coffee shop! By contributing to the fund, officers are not only able to access support themselves but enable the fund to continue into the future, enabling us to help colleagues and friends, at their time of greatest need.

We feel very fortunate to have been given the opportunity to enjoy a holiday here. A welcome break after my partner has dealt with some traumatic work related issues and incidents. Many thanks NPBF – future guests enjoy!

The Benevolent fund financed a bespoke beach wheelchair for my son which was literally life changing for him as we live on the coast but the beach was always somewhere we struggled to access. Applying was very straight forward and the Benevolent Fund helped with all of the administration and the ordering process. The chair was expensive and without the help of the Benevolent Fund, we would not have been able to afford this piece of equipment. It's only a small donation each month and you never know when you might need to ask for help. We have definitely benefitted from the fund and are happy to carry on contributing to help someone else in need
